Messrs. Wm. Smith & Sons,
Grove Works,
BARNARD CASTLE.

Dear Sirs,

KENYONS PATENT SERILIGHT LENS ROAD DANGER LAMPS.

We are approaching you with reference to your esteemed enquiry of the 10th ultimo, for the above lamps, which you so kindly favoured us with.

We regret we have not had the pleasure of receiving your valued instructions to proceed, and shall be glad to hear whether we may expect your commands.

Thanking you in anticipation, and assuring you of our very prompt and careful attention to your requirements at all times.

We are,

Yours faithfully,

ALEXANDER

CONCRETE BARROWS

For BUILDERS and CONTRACTORS.

CONSTRUCTION.

Steel Body.
Tubular Steel Frame
Crucible Steel Wheel

Two Stock Sizes.
Capacity—3 and 4 Cubic Ft.
Prices
on
Application

This design of Barrow can be fitted with Wooden Frame if desired.

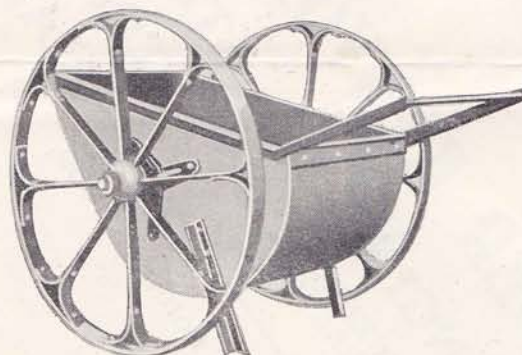

The Steel Barrow delivers the concrete clean compared with Wooden Barrows, which require to be scraped out very often.

The life of a Steel Barrow is very much longer than a wooden one, and is much preferred by the men for wheeling purposes.

2-WHEEL STEEL CONCRETE TIPPING CART.

Steel Body welded watertight and reinforced with Angle Iron at top which is extended to form Handle.

Wheels are 3 feet diameter, 2 in. tread, with flat Rivetted Spokes and Cast Iron Boss.

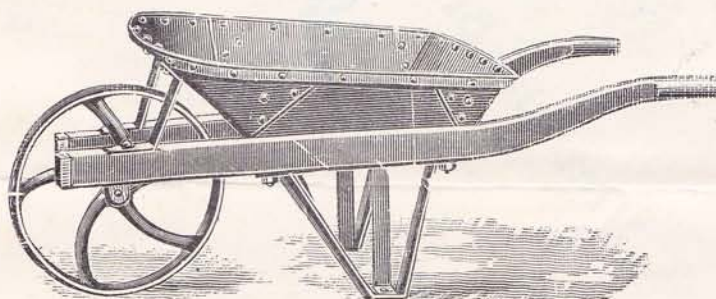

Handle and legs are reversible.

Wheels fitted with Grease Cups.

Prices on Application.

Three Sizes, 6, 7 and 8 Cubic Feet Capacity.

Prices
on
Application.

NAVY PATTERN.

Wooden Frame. Steel Body. Steel Legs, and Crucible Steel Wheel.
Three Stock Sizes. Capacity—3, 3½ and 4 Cubic Feet.

Complete List of Barrows for all purposes sent on Application.

If Barrows of Larger Capacity are required we are in a position to supply.

SERILIGHT LENS ROAD DANGER LAMPS

WITH 3 REFLECTING LENS
 IN DOME

PATENT 374645

Efficient

Durable

ALL

BRITISH

THE MOST IMPORTANT, in these
 of fast moving traffic, that Road
 Danger Lamps must be reliable, not
 out, and burn for long periods
 without attention, also they must give
 brilliant and Attractive Dis-
 tinct Danger Light from any angle.
 They must be reliable, efficient and
 durable.

Kenyons Patent Serilight Lens
 and Danger Lamps possess all
 the qualifications, and in addition
LUMINOUS LENS which are
 in dome, instantly reflect back any
 light put on them from all sides. Thus
 when traffic is approaching the head-
 lights reflect further brilliant danger
 light from the separate luminous lens in
 addition to the brilliant light given by
 Serilight Lens. Fitted with practical
 door catch

Kenyons Serilight Lamp
 with Luminous Lens and Sunk
 cannot be approached without
 the other or both lens giving pre-
Danger Warning.

It is the most efficient Danger
 ever produced.

Improved Lens Holders.
 To put Lens straighten 4 lugs inside
 and Lens and Frame will drop
 To replace put back Frame and
 and press over the lugs.

For Best Results:—
 Keep Serilight Lens clean
 Burn best paraffin,
 Do not allow light to smother

Price 7/6 each.
